#NEURO AI

There are many impressive Neuro AI applications from thousands of companies, experimenting with AI.

SOMETHING NOT OBVIOUS ABOUT NEURO AI

And it has not been obvious that **Neuro AI** despite being statistical, and thus a scientific method, **has introduced common sense** to software:

Who can tell me what is in these boxes?

SOMETHING NOT OBVIOUS ABOUT NEURO AI

**You can actually write
to the software and it
can write back:**

SOMETHING NOT OBVIOUS ABOUT NEURO AI

You can ask it questions about your applications instead of making yourself think how your software application designer was seeing your world when your application was designed.

Ulysses
SYSTEMS

Ulysses Systems Software amplifies the value realised from compliance and financial control by improving the management of the myriad coordination and risk-intensive processes that occur under duress onboard vessels. By overlooking assisted coordination and risk avoidance, companies stand to lose 70% of the value coming from digital transformation. Therefore, adding the superior value gained from optimizing the digitalization of shipping operations to the benefits of effective reporting and compliance is a significant advantage. The Ulysses Systems Finder integrates a dynamic enterprise risk model with your applications and emails.
